Health and Ageing

CHC30208 Certificate III in Aged Care & CHC30308 Certificate III in Home and Community Care (HACC)

Course Overview

This course is designed to equip students with the skills to provide physical and social support to elderly individuals and people with a physical and/or psychological disability in residential facilities.

This course has a strong practical focus, where you will gain the skills required to become an Assistant in Nursing (AIN), community care worker, in-home respite worker or disability support officer. You will learn how to communicate appropriately with clients and colleagues, how to deliver the best service to clients and how to support group activities.

King's has packaged this program with two Certificates to provide students with additional skills to allow them a wider scope in employment opportunities. The course is designed for participants to complete the first set of units for the Certificate III in Aged Care and with one extra subject the participant will achieve the Certificate III in Home and Community Care, thus achieving a dual qualification.

Why choose King's?

Established in 1997, King's International College with campuses at Reedy Creek and Burleigh is recognised for delivering quality training in the health, children's services, automotive and hospitality sectors.

As King's is a community focused non-profit organisation, its surplus funds made from training delivery goes back to either improving or expanding the college's range of courses or goes into its community welfare organisation, the Community Support Agency (CSA).

King's undertakes a duty of care towards its student body and offers course counseling as required.

Recognition of Prior Learning (RPL)

RPL allows the competencies you already possess to be recognised, regardless of how you obtained them. These might include skills you picked up on the job or from other life experiences that do not necessarily include formal training.

These skills and competencies may relate to units you are about to commence and as a result may exempt you from studying these units. Please be aware that there are costs applied to RPL applications.

Field Placement

Field placement forms an essential part of your competency-based assessment and provides you with practical components.

Classroom based delivery has 100 hours of field placement. Educators for Health and Aged Care will assist you in gaining appropriate field placement.
